Seen & Heard Around Murray

We still think it should be "The Green Slime Is Coming".

Fellow asks how do Porcupines make love? And the answer of course, is, carefully.

Then there was the baby Porcupine who backed into a cactus and said, "Is that you Mom?"

They are getting worse all the time. This time the fellow asks why telephone calls in Persia are so high. The answer here is that they are always making Persian to Persian calls.

Yeah, it was too late to sow grass. All our grass seed was washed down to the Clark's River.

The Thunder woke us up this morning earlier than we usually awaken. We just lay there, not fully awake, but in sort of a stupified condition.

Coming down Main Street the other day and all of a sudden this Sparrow chases an insect right in front of the car. Before we could even think what to do, we had hit them both. We could see the Sparrow lying in the middle of the street through our rear view mirror. We hate to do this sort of thing.

There's an Indigo Bunting that lives down the road from us. We see him every day or two. He's darkish bluish and flits around real fast and sometimes

SBA Representative Will Be At Paducah

A representative of the Small Business Administration will be at that Agency's part-time office on the second floor of the City Hall at Paducah, on June 19, according to C. R. Wagoner, SBA Acting Regional Director.

The office, operated on a semi-monthly basis every first and third Thursday, will be open from 9:00 a.m. to 3:00 p.m.

In order to determine credit eligibility requirements for SBA loan programs, it is suggested that the businessman bring with him a recent financial statement or balance sheet of the business and a profit and loss statement for the previous full year. This information pertains to established businesses.

However, anyone interested in establishing a new business is encouraged to consult with this representative as well as other businessmen who are in need of financial advice or assistance.

Lightning Hits Miller Home Today

Lightning struck the home of Mrs. Gregg Miller at 5:10 this morning.

Fire Chief Flavil Robertson said the lightning struck a guide wire attached to the house and set the upstairs of the two-story red brick home on fire.

The Murray Fire Department was able to confine the fire to the upstairs of the home, but extensive water and smoke damage was reported to the downstairs of the Miller home.

The firemen used the boosters off two trucks to extinguish the flames. Chief Robertson said supply lines were laid, but it was not necessary to use them.

Just before getting the call to the Miller home, the firemen had just returned from the home of Mr. and Mrs. C. T. Lilly at South 18th and Sycamore Streets.

Lightning had struck the air conditioner in the Lilly home, and the firemen were called to the station by 5:10 p.m.

At the station by 5:10 p.m. in time to answer the call to the Miller home.

During the fire, Mrs. Miller was in the home.

Several cases were heard in the Calloway County Court of Judge Hall McCuiston during the past week. Records show the following occurred:

Fiscal Court And Council Approve The Letting Of Bid

Construction of the addition to the Murray Hospital was approved yesterday following final approval by the Calloway Fiscal Court yesterday afternoon and the Murray City Council last night.

The construction is contingent on the sale of revenue bonds by the hospital and the receiving of the Hill-Burton Act funds of \$550,000.

Action by the two governing bodies was necessary when the opening of bids showed that the lowest bid was over the agreed on \$1,500,000 set by the Fiscal Court and the City Council.

Hal Perry of Benton was low bidder with a bid of \$1,718,000. Following some discussion this bid was lowered to \$1,640,328. One elevator was left out of the building to reduce the cost, however the shaft will be constructed as planned.

It was felt that with the good cash condition of the hospital and the fact that Hill-Burton funds were increased from \$500,000 that the bid could be accepted.

Under an agreement by the Fiscal Court and the City Council, however, the figure of \$1,640,328 was set and it was agreed that both bodies to proceed with the letting of the bid.

Monday, June 16, is the deadline for the receiving of Hill-Burton funds. Therefore, the bid will be let at once in order to begin construction.

A controversy was carried on for some months delaying the hospital addition construction for about six months, when the hospital board did not agree to pay part of the bond repayment.

The hospital has indicated it can pay about \$2,000 per year on the bonds which are to be sold. This amount is short about \$13,500. The amount needed to supply these bonds is the proportionate share of the hospital.

The issue was finally resolved in February of this year when the county agreed to pay \$6,000 annually.

There is no charge for instruction, which will be given daily.

Interment will be held at the New Providence Cemetery with the arrangements by the J. H. Churchill Funeral Home.

rate the remaining \$1500 according to the franchise taxes collected each year by the city and county.

This entire thinking was based on a one and one-half million dollar addition. It had to be reviewed when the addition was found to cost \$1,640,328.

However the Hill-Burton funds will be raised by \$50,000 and the cash posture of the hospital was reported as excellent.

In other action last night the City Council approved the purchase of 150 new parking meters. These parking meters are different from the present meters and are made by the Duncan Industries, Inc. of Elk Grove.

Murray Men Initiated Into Society

Nineteen Murray men were among 60 charter members initiated into the newly organized Murray State University chapter of Phi Delta Kappa in ceremonies at the university June 7.

They were: Eli M. Alexander, James E. Biggs, Dr. Charles H. Chaney, Howard R. Crittenden, Gary L. Crum, William H. Draper, John E. Fortin, Dr. Robert B. Fox, Eldon E. Heathcott, Charles F. Hinds, Robert G. Jeffrey, Dr. Frank Kodman, Jr., James C. Martin, Max Ness, Arlie Scott, Vernon Shown, G. Wayne Swartz, Amos Tackett, and J. D. Rayburn.

Organized to promote ideals of research, service and leadership in public education, Phi Delta Kappa — with more than 100,000 members in 34 chapters in the United States and Canada — is the largest professional organization of its kind in the world.

Only men of special professional promise are invited to join Phi Delta Kappa, whose membership includes most of the educational leaders of America.

The new Murray State chapter is the fourth in Kentucky and includes members from Western Kentucky and portions of four other states — Tennessee, Illinois, Arkansas and Missouri.

Dr. Harry C. Sparks, Murray State president, was the principal speaker at the initiation and installation ceremonies. Dr. Sparks and Dr. Ralph H. Woods, president emeritus of Murray State, were two of 30 regional educational leaders, members of Phi Delta Kappa, sponsoring the new chapter.

THE FAMILY LAWYER

Fighting City Hall

To the elderly Baldwin came distressing news: after 27 years, the city was going to change their house number. The explanation, that it was because of a street widening, did not mollify them at all. Finally they took the matter to court.

"It's not just a question of sentiment," they contended. "Such a change would also be a serious inconvenience, an invasion of our property rights. If they must take away our number, let them at least pay us compensation—just as if they were taking away part of our frontage."

But the court decided it could do nothing for the Baldwins. Even if the change was irksome, said

court, it was still within the proper scope of a city's discretion.

Fighting city hall through court action is not easy. Generally speaking, because of the doctrine of separation of powers, courts do not have a right to "second guess" city officials in the way they run the community.

Accordingly, the city, if acting within its lawfully granted authority, may deprive you of advantages even more valuable than your house number. For example, in another case, a home owner insisted that he had a right to park on the street in front of his own driveway. He said this was none of the city's business, since, by blocking the driveway, he would be blocking only himself.

But again, a court said the city had a right to forbid all such parking without making exceptions—in order to give equal treatment to all members of the motoring public.

Still, you are entitled to a court's help against the city if the city takes what the law calls "arbitrary" action. Consider this case:

A city ordinance banned all back yard fences more than three-and-one-half feet high. This time a disgruntled home owner, determined to have a higher fence, won a court fight to knock out the ordinance.

Unable to find any rhyme or reason in such a drastic limitation, the court ruled that the city's ban was simply too arbitrary to pass the test of constitutionality.

'3 In The Attic' Charges Dropped In Marshall Co.

BENTON, Ky., June 12 — Charges of exhibiting obscene matter in the form of the motion picture "Three In The Attic" against Paul Harrington, owner of the Calvert Drive-In Theater, were dismissed by the Marshall County grand jury today.

A hung jury resulted in a similar earlier case in McCracken County Circuit Court after the grand jury returned an indictment. A new trial will be held.

Almanac

by United Press International
Today is Friday, June 13, the 164th day of 1969 with 201 to follow.

The moon is approaching its new phase.
The morning stars are Mercury, Venus and Saturn.

The evening stars are Mars and Jupiter.

On this day in history:
In 1877, the Russo-Turkish War began.

In 1935, Jim Braddock defeated Max Baer to win the Heavyweight Boxing Championship of the world.

In 1944, Germany began using "V-2" secret weapon on England during World War II.

In 1967, Ohio National Guardsmen were called out to quell a racial uprising in Cincinnati.

A thought for the day — William Butler Yeats born on this day in 1898 said, "The years like great black oxen tread the world, and God, the herdsman, goads them on behind."

There are at least five TB "contacts" for each new active case reported annually.

Fresh strawberries will keep in a cool place for three days. Frozen ones keep up to a year.

Eddyville Woman Dies In Accident

CADIZ, Ky., June 12 — A 49-year-old Eddyville woman was killed in a two-car traffic accident in Trigg County at 8:55 p.m. this evening.

The victim was identified by State Trooper Iris Crawford as Mrs. Nellie May Thorpe.

According to Crawford, Mrs. Thorpe, who was dead on arrival at Trigg County Hospital here, was a passenger in a car driven by Jennie Marshall, 19, also of Eddyville. A third person in the car was identified as Lawrence Odum, 37, Princeton.

Crawford said the Marshall car collided with an auto driven by Donald Ray McWaters, 19, Cerulean, at the intersection of Ky. 276 and Ky. 274.

Crawford said Marshall apparently pulled out of Ky. 276 onto Ky. 274 and into the path of the west-bound McWaters vehicle.

Marshall was admitted to Trigg County Hospital and later transferred to Vanderbilt Hospital, Nashville. His condition was listed as serious.

Odum and McWaters were both admitted to Trigg County Hospital, and were listed in satisfactory condition.

Both cars were demolished.

Study Limits Of Dissent

BALTIMORE (UPI) — As student protests at various college campuses mount, Johns Hopkins University has begun a course called "Freedom and Dissent" to study the limits and ramifications of protest in a democratic society.

Al Spangler Hits Two HR's For Cubs

Hitting is becoming contagious in Chicago and Al Spangler is the latest "victim."

Spangler, a light-hitting outfielder who hit only two home runs last season, smashed a pair of two-run homers Thursday night to help power the Cubs to a 12-6 romp over the Atlanta Braves.

Elsewhere in the National League, Cincinnati shaded St. Louis, 4-3, in 10 innings, Pittsburgh edged Houston, 4-3, Philadelphia nipped Los Angeles, 1-0, and Montreal downed San Diego, 4-1.

In the only American League game scheduled, Washington defeated Oakland, 4-1.

Spangler hit his third home run of the season in the second inning after Randy Hundley was safe again in the seventh after Hundley reached base on a fielder's choice.

Dick Selma had a one-hit shut-out in the eighth after pitching 5 2-3 innings of no-hit ball. But he needed help when Hank Aaron hit his 527th career homer.

Gives Reds Victory

Lee May's bases-loaded single with one out in the 10th inning gave the Reds their victory over the Cardinals. Pete Rose led off the 10th with his third single of the night and Jimmy Stewart reached base when catcher Tim McCover fumbled his attempted sacrifice. The runners advanced on a sacrifice and Tony Perez was intentionally walked before May's single.

Pinch-hitter Carl Taylor's two-out single in the ninth inning scored Manny Sanguillen from third and gave the Pirates their victory over the Astros.

Sanguillen was hit by a Fred Gladning pitch leading off the ninth, took second on a sacrifice and moved to third on a fielder's choice. Jim Bunning, pitching his fourth complete game in 12 starts, scattered nine hits in boosting his record to 6-4.

Roberto Clemente hit his second homer in two nights to account for two of the Pirates' runs. Johnny Briggs slammed the second pitch of the game into the right field bleachers for the

game's only run and Grant Jackson made it stand up with a seven-hit, 11-strikeout performance as the Phils blanked the Dodgers.

Hits First Homer

Briggs hit his first home run of the year off loser Bill Singer, who suffered his sixth defeat against seven victories. The Dodgers have scored only five runs for Singer in his six losses. Singer struck out 12 batters to boost his league-leading total to 113.

Ron Fairly, playing his first game for Montreal after being acquired from the Dodgers, singled in Gary Sutherland with the tie-breaking run to highlight a three-run ninth inning as the Expos beat the Padres.

Sutherland opened the ninth with a double and fairly hit reliever Billy McCool's first pitch for a run - producing single, Mack Jones tripled in Fairly and scored the third run on a groundout. Hank Allen's first homer of the season and two run-scoring singles by Del Unser helped Washington beat the Athletics and give Jim Shellenback his first American League victory.

Allen gave Washington a 1-0 lead with his first-inning homer and Unser drove in runs in the second and fourth.

ENGEL DIES AT 76

CHATTANOOGA, Tenn. (UPI) — Joe Engel, one of the best promoters in baseball and a former scout with the Washington Senators and Minnesota Twins, died Thursday at the age of 76.

Engel, who also pitched in the majors with Washington, Cincinnati, and Cleveland from 1912-1920, was best known for his schemes to get people into the ballpark in the minor leagues and acquired the nickname in the South as the "Baron of the Bushes."

Willie Mays holds the National League record for most consecutive years with 20 or more homers. He has done it 15 times.

USTFF Meet Should Be Best

By JACK WOLSTON

NEW YORK (UPI) — From the dirty bag:

An international fleet of 30 sleek sailing craft has entered the Transatlantic Yacht Race which will start from Bremen Reef Light off Newport, R.I. on June 22 and finished at the Dune Light Vessel off Cork, Ireland. Ten entries are sloops and the remainder yaws. The fleet includes boats from Italy, Argentina, Finland, Holland, Ireland and the United States.

A full-size replica of the Hudson River sloop, a type of sailing craft important to the early development of New York State, will cruise the Hudson this summer, visiting a number of riverfront communities. A volunteer group of singers will present a concert at each stop. Purpose of the cruise: to act as a floating museum of Hudson River history and to focus attention on the polluted state of the river.

New spinner sails designed to fly in winds below three knots and strong enough to stand sudden gusts have been introduced by Hanna Schmeiters, Costa Mesa, Calif. The sails, made of a thin laminar film laminated reinforced by a fine net of nylon filaments, are said to be 50 per cent lighter than conventional spinner sails used in minimum wind.

A new British miniature sports hovercraft which can travel over land or water is being demonstrated in the United States. The 15-foot-long air-cushion vehicle carries two persons and has a number of sporting applications such as use for wild bird hunting, fishing and cruising.

Latest Coast Guard statistics show an increase of 6.4 per cent in boat registrations during 1968, but only a 2 per cent increase in boating accidents. Registrations climbed to 4,742,871 in 1968, an increase of nearly 300,000 over 1967. Accidents rose from 4,113 in 1967 to 4,194 in 1968. Fatalities rose 2.3 per cent - 1,342 in 1968, compared with 1,312 in 1967.

Twenty national organizations will mount a coordinated effort to observe and promote National Safe Boating Week, proclaimed by President Nixon for June 29 to July 5. Local safe boating committees observe the week with rescue demonstrations, stepped up activity in courtesy examinations of safety equipment aboard pleasure boats, contests, and safety and seamanship lessons.

What kinds of people make up the group of voyagers who sail alone across the oceans of the earth? In his account of his circumnavigation of the world in a fiberglass sailboat, Alan Eddy writes: "Uniting them all is a love of the sea, sailing and adventure. Herculean strength is not necessary as shown by the singlehanded voyages undertaken and completed by women. A certain determination and stamina count for more than strength alone. Handiness with tools is a help, since much of the maintenance of the boat must be done by the crew. But most important is the WILL to do it."

Busheston, however... when the weather is rough and the lake is choppy, stay on the shore. Sure, it's disappointing to postpone a fishing or hunting trip because the weather is uncooperative, but it's much better to be safe and alive. Use that time to work on your equipment, so your trip will be safer next time.

The first woman trainer to saddle a winner at Hialeah race track was Hamble Bener, who won with Playful Martha on February 5, 1936.

Vestment set the world record for six furlongs when she galloped home in 1:07 4/5 with a hurricane wind at her back on Oct. 15, 1954.

Carlos Barreira at 4-foot-9 is the shortest jockey among New York-based riders while Bob Wholey, at 5-foot-8, is the tallest.

Jockey Jorge Velazquez won 26 of 39 photo finishes he figured in during 1968 at New York Racing Association tracks.

Murphy Takes Lead In Open

By JOHN G. GRIFFIN
UPI Sports Editor

HOUSTON UPI — Bob "Florida Fats" Murphy, with a 4-under-par 66, leads the field into the second round of the U. S. Open golf championship on a Friday the 13th that will prove a sad day for most of the 14 players. Murphy loosened up at exactly the right time Thursday, taking the course after Texan Miller Barber already was in the clubhouse with 33-34. He seemed headed for disaster right away when his second shot on the second hole caught a trap.

"But when I walked up to the trap I found I had just a perfect lie," Murphy said. "I hit it right out of there and into the cup—a 35-foot blast. That was the shot that made my whole round right there. Just when it looked like I would get a bogey, I got a birdie."

Murphy had four more birdies and was tagged with a single bogey on the rest of his trip around the tricky Cypress Creek layout. That gave him a one-stroke margin over Barber and

two strokes over lanky Al Gelberger and Deane Beman, each at 68.

In a three-way tie at 69, three strokes off the pace, were Masters champion George Archer, long-hitting Tom Weiskopf, and Dean Reftam, making a total of only seven players who were able to better par 70 over a course that a lot of them had been saying was easy. Six others were at even par - former champion Arnold Palmer, ex-football player Bunky Henry, Bob Rosburg, George Knudson, Dick Crawford, and Jack Ewing, Jr.

The field will be cut to the low 60 and ties at the end of today's round, meaning that as

many as 90 players may be eliminated on Friday the 13th. In the opening round there were 69 players at 74 or better, indicating the cutoff point could be about 149 at the end of the second round.

Defending champion Lee Trevino, who complained that "the best part of my game, driving, let me down," was among the 23 players in a traffic jam at four-over-par 74, where another round of the same type could put them in danger. Also at 74 were former champions Jack Nicklaus and Billy Casper, both of whom had been among the pre-tournament favorites.

CARDS RECALL JETER

PITTSBURGH (UPI) — John Jeter, an outfielder, has been recalled by the St. Louis Cardinals from the Columbus Jets of the International League to replace outfielder Ron Davis on the roster. Davis will leave Friday for a 17-day stint with his Army Reserve unit. The Cardinals have also signed pitcher George Lott as a free agent. Lott, 22, will be assigned to the Bradenton Braves of the Gulf Coast League.

Miss Carolyn Elliott Becomes Bride Of Terry Finney In Lovely Church Wedding

Miss Carolyn Elliott became the bride of Terry Finney, on Sunday, June 1, in an impressive ceremony at the South Fulton Baptist Church.

The bride is the daughter of Mr. and Mrs. M. G. Elliott of South Fulton, and the bridegroom's parents are Mr. and Mrs. Russell Finney of Martin.

She is the granddaughter of Mr. and Mrs. Herman Hendricks of Frostproof, Florida, and the great granddaughter of the late Mr. and Mrs. Carl Hendricks and Mrs. M. S. Jones of Murray and Calloway County.

Rev. Robert Wall performed the double ring ceremony. Organ music was presented by Mrs. L. C. Logan, with Miss Jeanie Niles, vocalist, presenting several numbers.

The bride, given in marriage by her father, wore a gown of

bridal satin, covered with beautiful bridal lace. The gown had three-quarter length, bell shaped sleeves with scallops. The empire waist was edged with lace scallops and the long train of bridal satin was bordered with lace, matching the waist and sleeves. The train was attached to the dress with a satin bow. The bride wore a waist length veil made of bridal illusion, and tiny pearls completed her head piece.

The bride carried a lovely bouquet of white orchids. Her only jewelry was a small diamond necklace, gift of the bridegroom. Miss Elliott designed and made her wedding gown.

Mrs. Cathy Webb served her sister as matron of honor. She wore a floor length gown of baby blue dotted swiss, with empire waist and white velvet bell sleeves with scalloped edge. The bridesmaids gowns were identical in colors of the rainbow with headpieces matching their gowns. All carried pom poms with ribbon and color matching their dresses.

Bridesmaids included Miss Claudia Elliott, wearing mint green; Miss Kaye Dowdy, hot pink; Miss Camie Elliott, junior bridesmaid, pale orchid.

Little Miss Cheryl Elliott served as flower girl and wore a floor length gown of yellow dotted swiss made like that of the Matron of Honor.

Gayle Kimbel served her cousin as best man. Mac Berber, Calvin Elliott served as groomsmen. Charles Elliot was junior groomsmen. Little Cloyd Elliott served as ring bearer. Larry Kimbel and Carl Elliott were ushers. Mike Brown and Charles Elliott served as acolytes.

Mrs. Ruby Gustafson presided at the guest register.

Out-of-town guests included: Gordon Parkinson and daughter of Jackson, Tenn.; Mr. and Mrs. Ted Coleman and family of McKenzie, Tenn.; Mr. and Mrs.

Bill Gustafson of Chicago, Mrs. Horace Jones and son of Chicago, Mr. and Mrs. Roy Lee Barnett of Murray, Mr. and Mrs. H. E. Hendrick of Frostproof, Fla., grandparents of the bride; Mr. and Mrs. Marvin Elliott of Ackworth, Ga., grandparents of the bride; Mr. and Mrs. Reed Elliott of Atlanta, Mr. and Mrs. Orris Hendrick of Murray, Mrs. Herman Fulton of Murray, Mrs. Carl Elliott of St. Louis, Mr. and Mrs. Gayle Kimbel of Alexandria, La.

Wilkerson Home Is Scene Of Harris Grove Club Meet

The Harris Grove Homemakers Club met Wednesday, June 11, at the home of Mrs. Bun Wilkerson with Mrs. Bill Wraether, president, calling the meeting to order.

Mrs. Alfred Taylor gave the devotion reading from Psalms 133:1.

Six members answered the roll call by telling the name of the magazine they enjoy most. Mrs. Marvin Parks, secretary, read the minutes and gave the treasurer's report.

A luggage rack which was the handicraft project for the month was made by Mrs. Alfred Taylor. Five members made a pretty wall arrangement using plywood, roses and a plaque.

Others present were Mrs. Clifford Lee Jones, Mrs. Rodger Humphreys, and one visitor, Mrs. Annie Morton.

The group decided to have the annual family picnic on Friday, June 27, at 7:30 p.m. at the City Park.

The next regular meeting will be held in September.

Mrs. Wilkerson served refreshments to those present.

MISS AVA MAE BYARS

The approaching marriage of Miss Ava Mae Byars, daughter of Mr. and Mrs. Hollon Byars of Highland Park, Michigan, formerly of Calloway County, to Jack Linn Watkins, son of Mr. and Mrs. Thomas Watkins of Benton, Route Four, is announced by her parents.

Miss Byars is a graduate of Highland Park High School, Highland Park, Michigan.

Mr. Watkins is a graduate of South Marshall High School and completed his junior year at Murray State University this spring.

The wedding will be solemnized on Saturday, June 28, at two o'clock in the afternoon at the Olive Baptist Church. A reception will follow at the home of Mr. and Mrs. Thomas Watkins. All friends and relatives of the couple are cordially invited to attend.

Progressive Club Has Buffet Supper At Robertson Home

A buffet style potluck supper was served to the Progressive Homemakers on Tuesday, June 3, at seven o'clock in the evening with Mrs. Harold Robertson as hostess.

Mrs. Robertson had decorated the tables with lovely daisy centerpieces.

Before dining, Mrs. Billy Outland presented a beautiful red rose to Mrs. G. Nick Britt. The rose was the homemakers' way of saying "goodbye we'll miss you" to Mrs. Britt.

A short business meeting followed the dinner. Mrs. Lawrence Philpot gave the lesson on "Wall Arrangements". A second lesson on "Making Luggage Racks" was given by Mrs. John Adams.

The next time the homemakers meet will be on Thursday, July 10, at 9:30 a.m. in the City Park. The members plan to work on luggage racks at this time.

Mrs. Raymond Nail will be hostess to the members at their next regular meeting on September 9 at seven p.m.

Other members present for the dinner were Mrs. M. D. Hassell, Mrs. Joe Rose, Mrs. Ted Cunningham, Mrs. Bobby Wilson, Mrs. Newton Milam, and Mrs. Gerald Cooper.

Bridal Luncheon Held In Honor Of Mary Ellen Hurn

Miss Mary Ellen Hurn was honored prior to her marriage to Don Walker Korte, Jr., with a delightfully planned luncheon held at the Holiday Inn on Friday, May 30, at one o'clock in the afternoon.

The gracious hostesses for the occasion were Mrs. Aubrey Hatcher, Mrs. Henry Holton, Mrs. Dwight Christ, and Mrs. Charles Mercer.

For the special event the honoree chose to wear from her trousseau a beige dress with a hostesses' gift corsage of yellow daisies.

Her mother, Mrs. Eugene Hurn, wore a pink dress, and her aunt, Mrs. Rex Gates, was attired in a blue dress. Their corsages of white daisies were gifts of the hostesses.

Miss Hurn was presented with a portable mixer by the hostesses as a wedding gift.

The tables were decorated with arrangements of yellow and white daisies. Covers were laid for fifteen persons.

Some years ago there was a man whose business was tanning hides. One day he decided that if one could take an old, stiff, ugly, big-pored hide and turn it into a beautiful, small-pored soft piece of leather like a glove—then, somehow the same miracle could be wrought with human skin—particularly since there were living cells with which to work.

He experimented with his own skin, using in a modified form the things used in tanning hides. At 73 he had smooth, unblemished skin like that of a much younger man.

From this original discovery evolved MARY KAY COSMETICS. You, too, can enjoy this beauty secret. Let me show you that "No Woman Need Ever Look 40!"

Dear Abby

Sing out about your complaint

By Abigail Van Buren

DEAR ABBY: We have been married for one year. My husband is 70 and I am 61. I knew when I married him that he was fond of music, but I didn't know that he had to have the music going from the time he opened his eyes in the morning until he closed them at night.

He doesn't hear too well, so he keeps the volume up. Worse yet, our tastes differ. He likes the classics and the old stuff which makes me sad and I like Nat King Cole, Herb Alpert, Dixieland, and jazz.

This man listens to music while reading, watching TV, and even during mealtime, which means there isn't much conversation between us. I can't do anything while there is music on except listen to the music.

I welcome the chance to get out of the house to get away from that music. Would you call this a serious conflict? Am I overly sensitive or am I normal? I don't want to upset my husband as he is very considerate in other ways, but I must confess, this is a problem, what is your opinion?

TOO MUCH MUSIC

DEAR TOO: If your husband subjects you to irritating music from dawn until dusk, the "other ways" in which he is "considerate" of you don't count for much. You have a legitimate complaint. Put it to music and sing it to your music lover.

DEAR ABBY: A few weeks ago I went on a skiing week-end with my father, uncle, and older brother, and I saw something I still can't believe. I saw my father and uncle with other women, and they certainly weren't acting like married men.

I told my brother how shocked and disgusted I was, and that I was going to tell Mother when I got home, but he said I shouldn't because Dad and Uncle didn't do anything most married men don't do, and besides it wasn't so terrible. Well, I never said anything to my mother about it, but it still bothers me something awful. I thought of talking it over with my father, but I hate him so much I don't even want to look at him.

If all men act like this, I am never getting married. I guess maybe it's true that nothing lasts forever. Please give me your advice.

DEAR DISILLUSIONED: Don't judge all men by an episode involving your father and uncle. And don't judge THEM until more years and experience have given you added insight and wisdom. There are many marriages in which the partners—whether by commitment, effort or good luck—are faithful forever. And you can have such a marriage.

DEAR ABBY: I hope you won't think I'm awful but policemen turn me on. How can I meet one? DOTTY

DEAR DOTTY: That's easy. Drive 50 miles an hour in a 30-mile-an-hour zone. [P. S. But if you don't "turn HIM on" he's apt to turn you IN.]

Moon Journey

By Al Rossiter Jr.

CAPE KENNEDY (UPI) - Apollo 11 astronauts Neil A. Armstrong and Edwin E. Aldrin plan to eat two meals and rest four hours between the time their spaceship lands on the moon and they set foot on the lunar surface.

According to preliminary planning, subject to change, the pilots' four-legged lunar module is scheduled to touch down on the moon's Sea of Tranquility at 2:22 p.m. EDT Sunday, July 20, while Michael Collins orbits overhead in the Apollo 11 command ship.

But it will not be until 12:12 a.m. the next day when Armstrong starts crawling feet-first through the lunar module hatchway onto the craft's "front porch" and climbs down a ladder to the moon's surface.

WHILE A television camera shows earthlings what is happening Armstrong is expected, under the present timetable, to set the first foot on the moon about 12:21 a.m.

Nineteen minutes later, after the Apollo 11 commander collects a preliminary sample of moon rock and soil, Aldrin will climb down to the lunar surface.

The two explorers then will set up their television camera on the lunar surface, collect more moon rock samples, inspect their spacecraft and deploy the three sci-

entific experiments that will be carried on man's first moon expedition.

Aldrin is scheduled to return to the lunar module at 2:12 a.m. and Armstrong will follow 20 minutes later. The spacecraft's 32-inch square hatch is to be closed at 2:32 a.m.

An hour later, the astronauts will open their hatch again and jettison excess equipment. Then they are scheduled to eat another meal and rest four hours and 40 minutes.

AFTER A FOURTH and final meal on the moon, Armstrong and Aldrin will put their ship through an abbreviated launch countdown. They will check all systems and prepare their vital guidance equipment for the moon takeoff and rendezvous with Collins in the mother ship.

The moon launch is scheduled now for 11 seconds past noon July 21 with the linkup with the orbiting command module scheduled to come three hours and 32 minutes later.

At 9 p.m., after the lunar lander is jettisoned, the three astronauts will fire the command ship's main engine and blast out of lunar orbit and head back toward earth.

Splashed down in the Pacific Ocean is scheduled for 52 minutes and 42 seconds past noon July 24, 195 hours, 20 minutes and 42 seconds after the 9:32 a.m. launch July 16.

Raising Pigs Educates 4-H Boys, Girls

SPECIAL - Raising pigs provides a liberal education to 4-H boys and girls and may produce a profit, as well. Proof of this is found in the 4-H Swine project records compiled last year by more than 100,000 young farmers.

They learn about the economics of raising and selling livestock; the need for proper feeding and sanitation; the importance of breed and grade. They produce to meet consumer demand and promote the nutritional value of pork as a high source of vitamin B. And last but not least, 4-Hers acquire skills and patience needed to prepare the animal for the show ring. They also learn how to judge the live animal and the meat carcass, too.

Sounds like a lot for youngsters to master, but they do. And some do a little better than others, according to annual awards provided by the national 4-H Swine program sponsor, Moorman Mfg. Co. of Quincy, Illinois.

Last year 6,100 completed outstanding swine projects which merited awards ranging from the county swine medal (awarded to the top four members in a county) to \$600 scholarships.

The highest award of a \$600 scholarship went to the six national champions chosen from among 49 state winners. Two of them were from the corn belt states of Illinois and Indiana. The others represented Maryland, Mississippi, New Mexico and Oklahoma.

State awards were expensive-paid trips to Chicago as delegates to National 4-H Congress.

The 1969 crop of award winners will probably increase, especially at the county level, surmises a 4-H spokesman, since enrollment in the 4-H Swine program is expected to surpass the 107,440 members who participated last year.

Parents who would like to volunteer as leaders for this program, or who would like to have their youngsters start a swine project can get information from the County Extension office.

The age requirement for 4-H membership generally is between 9 and 19 years. State and national award candidates, however, must be over 14 years of age, and a 4-H member for at least three years, reports the Cooperative Extension Service.

TAKES NO CHANCES

SAN FRANCISCO UPI - At least one student wasn't taking chances during commencement ceremonies Wednesday for graduates of San Francisco State College where violence erupted in January.

The student, an attractive blonde, accepted her diploma wearing a tassel-topped crash helmet.

GOLDWATER SUEDE LOS ANGELES (UPI) - Rep. Barry Goldwater Jr., R-Calif., was sued for \$27,500 damages Wednesday by a woman with whom he was involved in an automobile collision on the Hollywood Freeway. Mrs. Lealina Jansen, a waitress, claimed Goldwater was responsible for the accident Dec. 20. She sought medical, legal and repair costs in addition to personal damages. Goldwater, 30, won his congressional seat in a runoff election in the 27th District last month.

NO PLACE LIKE HOME

YORK, England UPI - Chippy the parakeet did not like the cold cruel world after two days away from home, so he decided to talk his way back to his warm cage.

"Chippy Cresswell, 254 Ship-ton Road," he chirped to anyone who would listen. A couple found him and returned Chippy to his home.

Former President Lyndon B. Johnson holds life membership in the Maryland Jockey Club, which operates Pimlico Race Course, site of the Preakness Stakes, second jewel of racing's Triple Crown.

APPEARANCE IMPORTANT

HOLLYWOOD UPI - An attractive young bank teller fed a holdup man at a Bank of America branch Wednesday by paying more attention to her appearance than to him.

He showed a small vial of Emerald Ornelas, 24, and presented a note that demanded money and warned: "This vial contains enough nitroglycerin to blow up this building. Don't push the alarm."

Miss Ornelas calmly began arranging her hairdo. After a few minutes of waiting, the man lost his patience and stamped out of the bank, empty-handed.

Callegari handed it over without protest and the robbers drove away.

The robbers got dough all right-the loaf of bread Callegari was taking home in a brown paper bag.

HIS DAY

Come Sunday, the world will pay homage to a very special fellow.
He is the husband—the father—the breadwinner and the sturdy foundation of our community. We pause to do him honor. He may be gruff, and stern, and tanned of face, but he is Dad. Just get an x-ray of his heart if you really want to see something rare. What strange, but wonderful people these fathers are. They are the world's easiest victims of love's attack. Just pour on a little attention, seasoned with about two parts of tenderness and give in very small doses... since he could never stand a big dose. Then just sit back and watch his big heart warm up. It will respond in true father fashion. This Father's Day, won't you take him to God's House for an hour of worship?

YOU IN THE CHURCH
THE CHURCH IN YOU
Church is a far-reaching thing. It is not just a building and a service. It is a living, breathing entity that reaches into the hearts of men and women. It is the place where we find our true selves, where we learn to love and be loved. It is the place where we find our true home, where we find our true family. It is the place where we find our true God, where we find our true life. It is the place where we find our true peace, where we find our true joy. It is the place where we find our true hope, where we find our true future. It is the place where we find our true self, where we find our true God. It is the place where we find our true peace, where we find our true joy. It is the place where we find our true hope, where we find our true future. It is the place where we find our true self, where we find our true God.

DEAL AUTO - Pictured is the automobile driven by Nathaniel Keroy Deal who was involved in an accident with the J. U. Kevil Bus driven by John Redden at 5:05 p.m. Wednesday. Deal was driving north on the Purchase Parkway, crossed the median and hit head-on with Redden, state police said, photo by Joe Hayden

vehicle.

Both vehicles were demolished by the impact. The Deal car was torn into three pieces and scattered along the bypass right-of-way.

The extent of Deal's injuries was not made public. However, he was believed to be in critical condition at the time of his transfer to the Veterans' Hospital in Memphis.

Redden, 37, native of Lexington, has served as director of the J. U. Kevil MDMR Center at Mayfield since May 30, 1968. Prior to that time he served as pastor of the First Baptist Church in Clinton and the Spring Creek Baptist Church near Murray.

He also was employed by Central Investors Life Insurance Company as district manager of the Jackson Purchase area before taking the position of director of the Kevil Foundation Center here.

He was a graduate of the University of Kentucky and the Southern Baptist Theological Seminary in Louisville. Last summer, Redden took graduate work at Murray State University. He held a certificate to teach in the area of special education with a background of church and insurance administration. He was a former member of the Clinton Jaycees.

Redden is survived by his wife, Mrs. Martha Redden, a psychologist, who is employed by the Paducah city school system; two sons, Mark and Michael, and two daughters, Patricia and Mary, all at home; his mother, Mrs. Freda Redden, Lexington; a brother, Ray Redden, Knoxville, Tenn.; three sisters, Mrs. Tom Moody, St. Louis, formerly of Murray; Mrs. Walker Van Fleet, Louisville, and Mrs. Ben McPherson, Lexington.

Funeral services for Mr. Redden were held this morning at 10:30 a.m. at Byrn Funeral Chapel with Rev. John Huffman officiating.

Following the local service, the body was transferred to the Milward Funeral Home in Lexington where services will be held Saturday. Burial will be in Lexington cemetery, and swimming Graves County Coroner James Mills today said an inquest will be held in connection with Redden's death. He said the inquest "probably will be held about the middle of next week."

SEEN & HEARD ...

comes to rest on a fence post.

We turned out the last of the Terrapins yesterday. Had three and decided they would like it better to brave the wide open spaces. We put this one down on the ground and he stuck his head out an inch or two, then laboriously walked off, shell and all.

These were all Diamond Backs.

We wouldn't mind having a small snapping turtle however, one we could put in a tub. We had these two monsters, but they were just that, monsters.

Sutherland Is ROTC Winner

(Continued From Page One)

of a scholarship through ROTC to Virginia Military Institute and a \$500 scholarship from the union at USS Steele.

The story from the Post-Tribune is as follows:

Hobart High graduate David J. Sutherland, 17, plans to enroll at Virginia Military Institute in September as a further step towards his goal for a military career.

Toward this goal, Sutherland has been a member of the Hobart ROTC for three years and holds the highest rank a student can reach: that of a cadet lieutenant colonel.

Last February, he was awarded the "Outstanding Hobart High School ROTC Cadet" by the Veterans of Foreign Wars and last May received the military excellence ribbon from the American Legion.

Sutherland, who participated in the Army ROTC Scholarship program, received an alternate appointment from Maj. Gen. John Chiles of the 5th Army.

Honors for Sutherland ran rampant this year. He also received the Danforth award for leadership and character and the school's social studies department highest award for excellence in that field. Both those awards were presented to him during Hobart High's Honors Day.

At Hobart High School, Sutherland has been a member of the Senior and Junior Honor Societies, Speech and Debate Club and French Club.

Outside of school, Sutherland, who lives at 225 N. California St. in Hobart, has been active in Hobart Presbyterian Church youth activities.

DAVID J. SUTHERLAND

Sutherland even finds time for his hobbies - stamp and coin collecting and photography - and for serving his Post-Tribune customers.

In the past five years he has worked as a newspaperboy. Sutherland has been named the Inland Daily Press Association's Outstanding Carrier in 1965, an honor carrier for National Newspaperboy Day in which he won a trip to Indianapolis, and a finalist in the 1968 "Mr. Enterprise" competition.

When Sutherland enters Virginia Military Institute in the fall, he plans to enroll in the ROTC program for the next four years and graduate as a commissioned officer in the regular Army.

He hopes to further his education by earning a master's degree and hopes eventually to become a military historian.

DEFENDS DISTRICT

WASHINGTON 6-13-69 - Rep. L. Mendel Rivers, D-S.C., chairman of the House Armed Services Committee, in a speech today defended the "military industrial complex" and the abundance of military facilities in his home district.

Wall Reunion Is Held In Parks Area

(Continued From Page One)

The fourth annual Wall Reunion was held in the Kentucky Dam Village picnic area June 7.

A number of residents, and former residents of Lyon County from several states attended along with the honored guest, Joe L. Wall, Eddyville, who will celebrate his 90th birthday on Nov. 2.

Mr. Wall served two terms as state representative from Marshall and Lyon counties from 1935 to 1939.

Most of the conversation at the gathering centered around the many changes brought about by the formation of Kentucky and Barkley Lakes, since many were raised in the Land Between the Lakes area which has been made into parks area.

The next day, Sunday, the group drove to the Land Between the Lakes where they attended the annual homecoming and basket dinner at Sardis Church where most were members, or former members, before formation of the two lakes.

Those attending were Charles Bonner Wall, Mr. and Mrs. Eudie Wall and son, Johnny, and Mrs. Julia Smith, Swanee, Ky.; Joe L. Large Crowd Expected At Puryear Meet

James H. (Jim) Alexander's address at the Puryear High School Friday night is expected to attract a large number of persons, both from Tennessee and Kentucky, who are interested in industry for the area.

The program, which is scheduled to begin at 7:30, is sponsored by the Puryear Community Development Association, headed by Mrs. Shannon McCallum.

Alexander has been Gov. Buford Ellington's staff director for industrial development since Jan. 15, 1967.

Born in McKenzie, where he still maintains his residence, he attended public schools in McKenzie and then went to Bethel College for two years before graduating from the University of Tennessee in 1943, with a major in business administration.

Alexander served in the Navy for three years during World War II, attaining the rank of lieutenant junior grade. He owns the Jim Alexander Insurance Agency in McKenzie and has served as a director and vice president of the Insurers of Tennessee.

He is a Methodist and is a member of Lambeth College in Jackson. He is a past president of the Tennessee School Boards Association and the McKenzie Rotary Club.

LOW HOSPITAL ...

The new meters will be placed around the square and on Main Street and the city is buying them on the basis of increased revenue only. The firm told the council through its representative Mr. Reese, that the difference in income from these meters, over the present ones, will be sufficient to pay for the meters. The meters accept slugs, washers, etc., however the meter will not register time. No winding of the meters is necessary and the meters have only twelve moving parts as opposed to the one hundred moving parts of the present meters.

One hundred thirteen cities in Kentucky use this type meter whereas Murray is one of nine cities using the present meter. Mr. Reese said. The meters will cost the city \$68 per meter, with \$6.00 credit for the old meters for a net cost of \$62.00.

The meters to be placed on Main Street and the court square will have a one hour limit on them at the rate of five cents per hour, no pennies.

Several red meters will be placed at strategic points and these meters will have five cents for thirty minutes. Mayor Ellis said he hoped that the city could eventually replace all meters with the new meter.

Bids were opened on a three-quarter ton pickup truck for the Murray Water System. Parker Ford was low bidder at \$2232.52.

Taylor Chevrolet bid \$2398.43 on a Dodge and \$2372.85 on an International.

W. C. Elkins was named as a member of the Murray Electric Plant Board to replace Boody Russell, whose term has expired.

Councilman Prentice Lassiter announced that the paving program will be carried out this year as usual with the property owner on each side of the street paying one third and the city the other third. Those persons who wish to have their street paved should have requests in to the City Clerk by July 10 with the necessary funds. This is for initial paving.

The council discussed two properties in the city which are in a bad state of repair with high weeds and general need for cleaning up and improvement. Legal action to force improvement of the properties will be investigated.

The council approved expenditure of \$100 for several police officers to attend the Kentucky Peace Officers convention at Lexington.

A discussion was held last night on a request by Chief of Police James M. Brown to place a Police Sergeant on the desk during the busy shift of the day. He told the council that this busy shift is from noon to 8:00 p.m. and that the Police Department would be a more efficient organization to have a qualified police officer on duty at the desk, rather than a police radio operator.

Police radio operators are

BECOMING "COW COLLEGE" MILWAUKEE, Wis. 6-13-69 - State Sen. Gordon Roseleip, who once flunked a blindfold test to distinguish butter from oleomargarine, has come to the defense of the cow and the "cow college."

During a budget debate Wednesday, a Senate colleague commented the University of Wisconsin was in danger of becoming a "cow college."

"What's wrong with that?" Roseleip asked. "I think the cow is one of the finest, cleanest animals in the state - an animal like that produces good, white, clean milk."

"I'm tired of hearing a lot of that bull."

now being used on the desk and they relay information to the officers who are in the police cars.

Councilman C. W. Jones, Chairman of the Police Committee, told the council that it was felt this would be an upgrading of the police system in the city.

Some councilmen objected to the increased cost to the city since the police radio operator receives a lower salary than a Police Sergeant. On a vote the action passed with two councilmen voting against the proposal.

Chief Brown reported fifty-one citations since the last meeting, with twenty wrecks and twenty-five parking violations.

An agreement was approved between the city and Water District Number Three, which extends out the Lynn Grove Highway west from the Herchel Corn home where the Johnny Robertson Road intersects with the highway. The city will furnish the Water District with water at the cost of 28 cents per thousand gallons for the first 300,000 gallons and 21 cents per thousand gallons for all over that amount. Under these agreements, the city agrees to furnish water at a certain point. The district picks up the water at that point and distributes it through its own lines.

Two Dog Ordinances were distributed to council members for study. They were from Paducah and Mayfield. The council will consider some type of ordinance to control dogs within the city and to set up a dog pound of some type.

The list of delinquent taxpayers in the city was distributed to council members. Legal action will be taken to collect these taxes.

ENTITLED TO DAMAGES

BOSTON 6-13-69 - The Massachusetts Supreme Court ruled Wednesday a front-row spectator in whose lap a wrestler landed was entitled to \$7,300 in damages.

Manuel Silva, 45, of Fall River, suffered a knee injury in the incident in a bout at Woodhouse Arena in Dartmouth, near New Bedford, Sept. 23, 1962.

He sued the arena operator, and the promoter.

The court held that the operator should have warned the fans of the dangers of sitting in the front row.
